A BOY'S LUCK.

The Norristown *Herald* in a recent issue referred among others to the following cases of special interest. They are their own commentary. Mr. Samuel C. Nyce resides at 308 Marshall Street and holds the responsible position of journal clerk in the Pennsylvania Legislature, at Harrisburg. While Mr. Nyce and family were in the country recently his boy, aged three years, fell and broke his leg. He recovered, but a very trouble some stiffness set in and he could scarcely use the leg. The injured limb was rubbed several times with St. Jacobs Oil and the stiffness was so much reduced that the boy was able to use his leg freely. Dr. Knipe said it was the use of St. Jacobs Oil that cured the stiffness. Mr. Nyce himself used the Great German Remedy for toothache with good effect, and also for a sprain and pains of rheumatic nature, and always with good effect. Mrs. Nyce also says she thinks the Oil is a splendid thing and she always keeps it on hand.

SNAKES AS LIFE DESTROYERS.

The loss of life in India due to the ravages of venomous snakes is almost incredible. Yet Consumption, which is as wily and fatal as the deadliest Indian reptile, is winding its coils around thousands of people while the victims are unconscious of its presence. Dr. R. V. "Golden Medical Discovery" is a sovereign remedy for all forms of scrofulous disease, or king's-evil, such as tumors, white swellings, fever sores, scrofulous sore eyes, as well as for other blood and skin diseases. RESCUED FROM DEATH.

William J. Coughlin, of Somerville, Mass., says: In the fall of 1876 I was taken with BLEEDING OF THE LUNGS followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WILLIAM HALL'S BALSAM FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to day I feel better than for three years past.

I write this hoping every one afflicted with Diseased Lungs will take DR. WILLIAM HALL'S BALSAM, and be convinced that CONSUMPTION CAN BE CURED. I can positively say it has done more good than all the other medicine I have taken since my sickness.

What eminent hero is suggested by Mr. Eichburg's going to visit Patti? Well, Julius sees her (with profound apologies all around).—*The Scout.*

NEW BROOKFIELD, Mass., Jan. 2, 1882.

I wish to say to you that I have been suffering for the last five years with a severe itching all over. I have heard of Hop Bitters and have tried it. I have used up four bottles, and it has done me more good than all the doctors and medicines that they could use on or with me. I am old and poor but want to bless you for such a relief by your medicine and from torment of the doctors. I have had fifteen doctors at me. One gave me seven ounces of solution of arsenic; another took four quarts of blood from me. All they could tell was they it was skin sickness. Now, after these four bottles of your medicine, my skin is well, clean and smooth as ever.

The Sun for 1882.

THE SUN for 1882 will make its fifteenth annual revolution under the present management, shining, as always, for all, big and little, mean and gracious, contented and unhappy, Republican and Democratic, depraved and virtuous, intelligent and obtuse. THE SUN'S light is for mankind and womankind of every sort; but its genial warmth is for the good, while it pours hot discomfort on the blistering backs of the persistently wicked.

THE SUN of 1868 was a newspaper of a new kind. It discarded many of the forms, and a multitude of the superfluous words and phrases of ancient journalism. It undertook to report in a fresh, succinct, unconventional way all the news of the world, omitting no event of human interest, and commenting upon affairs with the fearlessness of absolute independence. The success of this experiment was the success of THE SUN. It effected a permanent change in the style of American newspapers. Every important journal established in this country in the dozen years past has been modeled after THE SUN. Every important journal already existing has been modified and bettered by the force of THE SUN'S example.

THE SUN of 1882 will be the same outspoken, truth-telling, and interesting newspaper.

By a liberal use of the means which an abundant prosperity affords, we shall make it better than ever before.

We shall print all the news, putting it into readable shape, and measuring its importance, not by the traditional yardstick, but by its real interest to the people. Distance from Printing House Square is not the first consideration with THE SUN. Whenever anything happens worth reporting we get the particulars, whether it happens in Brooklyn or in Bokhara.

In politics we have decided opinions; and are accustomed to express them in language that can be understood. We say what we think about men and events. That habit is the only secret of THE SUN'S political course.

THE WEEKLY SUN gathers into eight pages the best matter of the seven daily issues. An Agricultural Department of unequaled merit, full market reports, and a liberal proportion of literary, scientific, and domestic intelligence complete THE WEEKLY SUN, and make it the best newspaper for the farmer's household that was ever printed.

Who does not know and read and like THE SUNDAY SUN, each number of which is a Golconda of interesting literature, with the best poetry of the day, prose every line worth reading, news, humor—matter enough to fill a good-sized book, and infinitely more varied and entertaining than any book, big or little?

If our idea of what a newspaper should be pleases you, send for THE SUN.

Our terms are as follows:

For the Daily SUN, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 55 cents a month, or $6.50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents a month, or $7.70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at $1.20 a year, postage paid.

The price of the WEEKLY SUN, eight-page, fifty-six columns, is $1 a year, postage paid. For clubs of ten sending $10 we will send an extra copy free.
